DETAILED ACTION

Allowable Subject Matter

Applicant has amended the claim 1 to overcome the prior art rejection of the previous office action and the finality of previous rejection is withdrawn. Claims 1-23 and 31-32 are allowed. The following is an examiner's statement of reasons for allowance:

The prior art of record does not disclose or suggest either in singularly or in combination the following limitations and other elements in the claims. References Slater et al. (US 6,791,119), Stierman et al. (US Pub. 2003/0107137), and Burkhart et al. (US 4,210,389) do not disclose:

- A protective layer over the mirror layer.
- A coupling layer over the protective layer.
- The mirror layer, protective layer, layer sequence and solder layer are all electrically conductive so that current can flow through the electrical contact to and from the semiconductor chip.

Therefore, the above references do not disclose the claimed invention of present application and claims 1-23 and 31-32 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
